Diffuser Tip

- Being an attachment of Fenix flashlights to make the light softer, it could be used as a safe candle for easier reading, as well as a camping light and a signal lamp
- Using the quality material PC 2805 of the famous German Bayer
- Anti-press, anti-impact, durable and serving as the "bullet-proof plastic"
- High temperature resistant & good heat stability
- Easy disassembly and easy operation

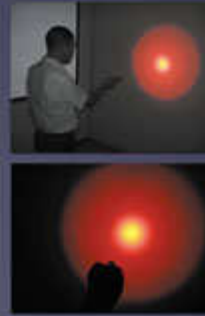

Fenix Traffic Wand

Fenix traffic wand can convert your flashlight into a glowing orange high-visibility wand. It's the best option for emergency situations and traffic control.

Filter Adapter

- Being attached to Fenix flashlights, the filter adapter helps the flashlights give off penetrable red light, which can be used as a signal lamp, relieving signal and so on.
- Toughened ultra clear glass lens with AR coating (high rate of light penetrability) & high temperature resistant
- The filter seat uses the material PC 2805 of the famous German Bayer, endures aging, being anti-press and anti-impact.
- Practical and beautiful with anti-roll design
